Suicide Prevention Network

Question, Persuade, Refer[®] (QPR) Suicide Prevention Training

Each year in Tennessee, an estimated 850 people die by suicide – more than the number killed by homicide and drunk driving combined.

Suicide is the most preventable form of death.

Just as people trained in CPR and the Heimlich maneuver save thousands of lives, you can learn how to save lives of those thinking about suicide.

Learn the signs of a suicidal crisis and how to intervene.
